Keep a safe warm up environment by tracking riders in the ring and keeping numbers at a safe level.

GATE KEEPERS – need two

Work with the Warmup Stewards to keep traffic flowing into the jump rings.

Open and close gate as needed

Operate radio to let announcer know who is going into the ring.

Warm Up Stewards and Gate Keepers are super important positions as they monitor traffic flow in and out of the rings and keep an eye open for any safety issues.

COURSE DESIGNER/BUILDER ASSISTANT need one

DUTIES: Help the course designer/builder in whatever they need, including copying – posting courses, relaying messages, help with course building.

SKILLS NEEDED

Assist the designer/builder in whatever way they need.

Be available throughout rally, be willing to move jumps, relay instructions, etc.

Helpful to understand distances and names of jumps being used.

JUMP CREW

All parents involved in rally will be expected to assist in replacing rails, moving jumps between courses as needed. Without jump crew, the rally will stop until suitable people can be found to help.

All these positions are “full day” jobs. Rally is short enough that the positions are **not** split into morning and afternoon slots. Everyone will be able to see their child ride as most of these positions are right there ring side.
