- Unrated Pony Club members compete as D-1s and abide by D regulations.

Note: Younger age divisions can always compete up to older age division. \*A competitor's age is determined by their age as of JANUARY 1 on the year of competition. We do not recommend that competitors ages 5-11 compete above Novice Level because of the changes in questions, conferring rules and overall expectations

## Championships Qualification Process

Each individual Pony Club member who desires to compete at Championships **must compete in a Qualifying Regional Rally and be judged at the minimum Horse Management level and same competition level in which they intend to compete at Championships**. This constitutes the "individual qualification" of the competitor, and there are no exceptions to minimum age or certification requirements. *If no Quiz rally is available, complete an equine-knowledge based competition and participate in an unmounted club or center lesson.*

Championship Divisions are as follows (minimum requirements shown):

### Championships Divisions

Division	Level	Age	Certification
Novice	D	10-11	D-2 HM
Junior	D	12-17	
Senior	D	18+	
Novice	C	10-11	C-1 HM
Junior	C & Up	12-17	
Senior	C & Up	18+	

- 
- 
- Championship divisions can be combined based on entry numbers and approval from the Vice President of Activities and the Overall Organizer. **There are no age and no certification exceptions.**

**The invitation to represent the region at Champs is based on INDIVIDUAL placing, not team placing.**

## Team Configuration

1. Teams shall normally consist of 3 or 4 members with one member being designated as Team Captain. The team will belong to one division based on age and Horse Management certification.
2. At the Organizer's discretion, there may be an alternative configuration of teams based on entries.
3. No D may compete on a C and up team; and no C and up may compete on a D team.

## Team Captains

Each team entered in the competition shall have one member designated as Team Captain who shall act as spokesperson for the team. Only the Team Captain may lodge a protest on behalf of any team member (see Article 64).

### **Exception for Midsouth competition regarding Certification level:**

Since the opening date is so early for this rally, you have until the CLOSING date of January 31st to up rank your members if you want to enter them into a higher level of competition. If you decide to do this, send a note with the entry with the anticipated new level and make certain you notify the USPC national office and the RS **immediately** once that is complete. Member certification levels are checked against regional and national rosters prior to forming divisions so haste is required if you need to do this. If you do not, the member will be placed in the division where the rosters show they should be. *This is most important if a competitor is being entered into a qualifying division with the hopes of going to Championships.*

## Fees:
